## Westie With Arning

Students read a quest novel and write a short response explaining how the main character is represented.

When they read, they are working on fluency and inferring what the author means.

## <u>HASS</u>

How can people use environments more sustainably?

They identify angles, make models of 3D shapes and identify the language of chance.

Maths

Students recall multiplication

facts, count and identify

equivalent fractions and solve

problems.

How do forces effect
